# STREET PAVING IN PETERSBURG

Indecision as to the Best Material to be Used.

THE HOME FOR THE SICK

Much Good Done by That Institution, Where Delicate Operations Are Performed - More Sprink-Icrs Wanted.

PETERSBURG, VA., May 19.-The 'Home for the Sick" is more appreciated is time goes on, and the people of the sity realize how much good is being done by that institution. Formerly the sick had to content themselves with inexpert treatment, such as is afforded in the majority of private homes, or be taken to a hospital in another city. This was particularly the case where delicate surgical operations were required. The conditions are now changed. The Home for the Sick is a well-equipped hospital, with competent nurses ready to give the sick the benefit of their professional services.

Dr. R. D. Mcliwaine alone has per formed successfully six delicate surgical operations at the Home during the past week.

STREET SPRINKLERS.

Three street sprinklers are insufficient to keep down the dust in Petersburg, and the city fathers are unwilling to add five more to that number. Eight sprinklers would be adequate, but economy is uppermost in the minds of those in charge of the city's affairs. There is a charge of the city's analys. There is a great deal of complaint from the citizens because they have to suffer from the heavy dust clouds. Chairman Talley, of the Committee on Streets, says he can do nothing to relieve the situation, as he is not the whole Council.

The matter of street-improvement is a cuestion much discussed at this time.

a question much discussed at this time The Council has decided to repave the roadway of Washington and High Streets, two of the principal residential streets. It is about settled that most of the new pavement will be sheet asphalt. Twelve months ago, when the cliy de-cided to repave many of the streets, committees and individuals were sent to

various cities to ascertain the kind of pavement that would best suit the needs of the streets in Petersburg.

SUN SOFTENS IT.

Investigations resulted in a selection of granite block for grades and vitrified brick for the level ways. As an experi-ment a portion of Union Street was payed with sheet asphalt. It makes a smooth, noiseless roadway and stood wear well during the cold weather. The majority said: "It is a good thing," and soon a contract was made for paving Upper Sycamore Street with the same per Sycamore Sireet with the same material. When the hot sun pours down on sheet asphalt the asphalt softens and is easily torn up by the hoofs of heavilyloaded teams. Union Street does not present the smooth surface now that it did before the summer sun got a chance at it.

There is now a desire with some members of the Council to substitute asphalt block for sheet asphalt on the streets now to be paved. Some say the property holders are expecting sheet asphalt, and if a change were made they would probably object to paying that part of the expense to be assessed against their property. The chairman of the Public Property Committee says th would hardly be so unreasonable as to ask the city to give them an inferior pavement just because they at first had thought it would be a substantial one. The matter may yet come before the

### Albemarle Gleanings.

BATESVILLE, VA., May 16-Special.—
The farmers are busy in their corn, also preparing land for tohacco.
Miss Emma Railey, of Morman's River, this county, left to-day for home, after a visit to her sister, Mrs. Grayson Wood.
Mr. W. W. Pugh died at his home near these wight before last at the advanced here night before last at the advanced afe of 86 years. There has been an unusual amount of stekness in this section for several months,

but few deaths so far.

Rev. Thomas H. Campbell, pastor of
Batesville Methodist Church, has so far
recovered from a severe cold that he was able to fill his appointment last Sunday. He has been a guest of Mr. Frank Via

Dr. A. Flintwood has so far recovered from an attack of rheumatism as to be able to visit his brother, Mr. G. G. Wood, postmaster and merchant at this place. Miss Mary Shepherd has returned home. a delightful stay with friends in

Charlottesville, Va. ,

The estate of Adam L. Via, near this place, was sold to the highest bidder on last court-day, Mr. Frank H. Via being

Mrs. Lawrence Herron, a talented elocutionist, formerly of the State of Mis-sissippi, but now a resident of Batesville, gave an entertainment at White Hall on entertainment at White Hall on

the 14th inst. The question of Constitutional Conven-tion is much agitated by the Democrats.

DERRYVILLE, VA., May 18-Special.— Misses Mary Williamson and Bessie Pay-ton, of Holcombe Institute, Front Royal, after a pleasant visit of several days to the Misses Irwin, returned to Front Roy al this week, accompanied by Miss Mary Irwin.

HONOR TO MR. BOLLING.

American Water-Works Association

Pays Him a High Tribute,

A great honor was last week tendered

A great honor was last week tendered Mr. Charles E. Bolling, that was at the same time an honor to the city of Richmond, when the American Water-Works Association made the gallant son of Virginia their president. No member of the association, it is only fair to say, would make a more efficient and popular president than Mr. Bolling, and, coming, as the office did, unsought, and wholly unexpected, it is more than ever a tribute

unexpected, it is more than ever a tribute paid to those qualities that make a man esteemed and respected by his fellow-

Mr. Boiling's career as a civil engineer

nas been marked wall great success, the entirely to his own efforts and energy. He was born in Goochiand county, and received his education under the super-

received his content and the supervision of his uncle, Professor Charles Maury, of the University of Virginia. Unable to pursue his studies at college, Mr. Bolling started to work in the humble

Mr. Bolling started to work in the humble position of rod-man with the Chesapeake and Ohio Railway in 1871.

Here he remained for two years, when he entered the office of the City Engineer. From 1873 to 1875 he acted as assistant to Colonel W. E. Cutshaw. While holding this office, in addition to the general work that falls to the lot of a civil engineer, Mr. Bolling was employed in making surveys for and in construction

making surveys for and in construction of the New Reservoir, under the direction of the City Engineer. This was Mr. Boiling's first large piece of work. In 1879 and 1880 he was engaged in making

surveys for the construction of the new

pumping station, which was finished in 1882. In 1885 Mr. Bolling was elected to the position he now holds of Superintend-

ent of the City Water-Works, in which

capacity he has succeeded in gaining the
